You Can Not Find a Better Place to Build Your Home or Establish Your Business, For COTTON ADDITION IS IN THE PATH OF EL PASO'S PROGRESS

This is the most recent subdivision put on the market in El Paso. It was held off the market for 10 Years and will soon be sold out. Almost in the center of the city. You cannot beat Cotton Addition in El Paso for location or price. The lots will soon be gone.

> Lots are selling for as low as \$400.00 and up. The terms are easy---1-6 cash, the balance in 1, 2, 3, 4 and 5 years, 6 per cent interest.

> There is an unusual demand for these lots and it is only a question of a short time until the demand exceeds the supply. A good investment is worth years of toil. It is no pioneer proposition and the person who buys lots in Cotton Addition for an investment, for a home, or business site is going to reap great dividends. Let us show you these lots. No trouble to answer questions or show you property.

provement of schools in a number of counties, to the extent of increasing the day levy devoted to school purposes. Five hundred and fifty school libraries have been established and the remainder of the sum has been applied to improving school grounds and baying piants, school furnishings, sanitary equipment and so on, including providing dording for needy school children. In Mississippi the School Improvement association has had special programs for "Clean up and beautify day" and "Public health day," Issued to all teachers. In Louisians, there is a good system of school improvement leagues, including regularly organized Junior leagues. Because of the ravages of the holl weevil a couple of years ago, there was much depression in the roral districts which reacted upon the schools because of the cripples financial conductions. The women set valiently to because of the cripplest financial condi-tions. The women Set valiantly to work to overcome it by joining the lengue. In some communities the lengue practically equipped the school house and in one place it is credite? with building one. The league for school improvement in Louisiana last year raised \$12,546.11 for such pur-poses. In Florida there is an educa-tional conference which is well or-ganized and has accomplished much work in the same direction, while in each of the other southern states there is some organized effort put forth by laymen for the improvement of the public schools of the community.

The situation in the coal districts of Birminghum, called by Englishmen The Black Country," is related with pathetic human interest by an English journalist who made a personal visit to the section and called upon miners families in company with a doctor who was making the rounds of his patients. The same conditions will find their duplicate in this country within a short space of time, unless the miners and operators come up so early agreement. His description follows:

Another House.

In the next house we visited we ascended the flight of wooden steps which I had marked rising dimly out of the shadows in one corner in the previous rooms. It took us to the upper room. I should say that all the houses we saw were of the same class, a bed-room on the upper floor and a living-room on the upper floor and a living-room on the lower. There were two beds in this room and a chair or so. The patient, who was suffering from branchitts, ismented the strike with bitterness. She said:
